

THE NV45 EASY CHAIR

Finn Juhl

Designed and presented at the Copenhagen Cabinet-makers' Guild Exhibition in 1945. The NV45 chair is one of the most elegant and simple designs by Juhl, yet the complexity of its structure made the chair one of the most difficult to manufacture.

Esbjørn Hiort: *'Finn Juhl'*, The Danish Architectural press 1990, p. 34-35

Stamped by Cabinetmaker Niels Vodder

Ref. no : 3146

Quantity available : 1
